

50x50 STAINLESS STEEL 316L EARTH BOSS TYPE A

PART NUMBER: BOSS-050050012

CHARACTERISTICS

The Earth Boss made from stainless steel 316L is specifically designed to provide a reliable and long-lasting grounding connection. It consists of a termination bolt and a chamfer bottom surface that can be welded securely to a structure or equipment. This bottom surface can be a drilled hole with threaded connection to accommodate installation upon request.
